PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in data cleaning, visualization, and dashboard development using Excel, Power BI, and Tableau. Proficient in SQL for data extraction and transformation, with a solid foundation in data mining and analysis. Skilled in building interactive reports and dashboards, preparing MIS reports, and delivering business insights that support data-driven decision-making. Working knowledge of Python for data manipulation and exploratory data analysis.

EDUCATION

Bachelor of Commerce (B.Com)

2020 – 2023

University of Mumbai — V.K. Krishnan Menon College of Arts, Commerce & Science

TECHNICAL SKILLS

- **Data Analysis & Manipulation:** Advanced Excel, MySQL/SQL, Python (EDA), Data Cleaning & Analysis
- **Data Visualization & Reporting:** Power BI, Tableau, Dashboard Development, MIS Reporting
- **Database Management:** MySQL
- **Programming & Other:** Python (EDA), Machine Learning (Basic), CRM, Trade Data Analysis (Volza)

WORK EXPERIENCE

Data Analyst — Responsive Industries Ltd.

Apr 2025 – Present

- Analyze sales, export, and operational data using Advanced Excel to support business decisions.
- Develop Power BI dashboards to track KPIs, revenue trends, and performance metrics.
- Use Volza to analyze global trade data for export insights, competitor analysis, and lead generation.
- Manage and monitor customer and sales pipeline data through CRM systems.
- Prepare MIS reports and management presentations using PowerPoint.

Internal Auditor — CNK (Chartered Accountancy Firm)

Aug 2024 – Jan 2025

- Conducted financial audits to ensure compliance with regulations and internal policies.
- Analyzed financial records to identify discrepancies and risk factors.
- Assisted in preparing audit reports and recommending improvements.

Data Analyst Intern — AI Variant

Feb 2024 – Aug 2024

- Leveraged MySQL, Power BI, Tableau, and Advanced Excel to manage, analyze, and visualize complex datasets, delivering critical insights for strategic decision-making.
- Developed dynamic dashboards and visualizations, improving data accessibility and operational efficiency for cross-functional teams.

Trainee — Datamatics Global Services Ltd. (Logistics Company)

Dec 2023 – Feb 2024

Andheri, Mumbai

- Supported an outsourced billing process and optimized data entry workflows using Excel.
- Managed confidential information and documents with discretion, maintaining proper organization.

PROJECTS

E-Commerce Analytics

[View project \(LinkedIn\)](#)

- Utilized SQL, Excel, and Tableau/Power BI to extract, transform, and analyze large datasets, improving data accuracy and efficiency.
- Created interactive dashboards to communicate complex findings.
- Conducted competitive analysis to identify market trends and optimize product pricing.

Solar Power Generation Prediction

[View project \(GitHub\)](#)

- Performed Exploratory Data Analysis (EDA) to identify trends in solar power generation.
- Built Linear Regression and Random Forest models for energy output prediction.
- Deployed the final model using Streamlit for a user-friendly interface.

CERTIFICATIONS

- Data Analyst Certification — ExcelR, Andheri
